SHOP PRO 7000

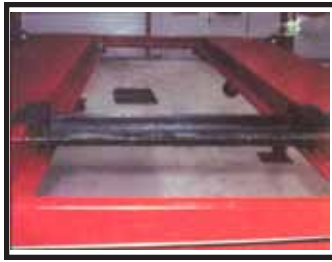

SP7000 - SP7000ET

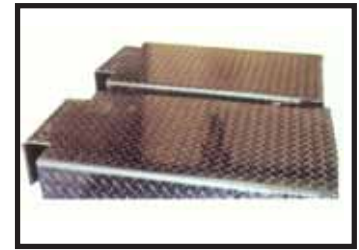

“The Mark Of Dependability Since 1947”

Commercial Grade motor with key lock. The key lock feature is optional and keeps just anyone from operating the lift. The unit can be ordered in 12V, 110V or 220V.

Jacking Tray is optional on the Shop Pro 7000 and lets you have the capability of jacking the vehicle up will on the lift (to do tire rotations and brake jobs).

Aluminum Ramps are optional on the Shop Pro 7000 and provide a lightweight, easy to remove ramp.

Caster Kit is optional on the Shop Pro 7000 lets you have the capability of moving your lift as needed.

Poly Drip Trays are optional on the Shop Pro 7000 and provide a lightweight, easy to remove ramp.

Solid Deck is optional on the Shop Pro 7000 and is great when storing **anything** including motorcycles.
