4-Post Lifts

American Made Since 1947

12000 - 18000 - 25000 - 30000

“The Mark Of Dependability Since 1947”

Single-Point Safety Release is standard on all Worth 4-post lifts. This is a very convenient feature to keep technicians from having to walk to each post to release the safeties.

Automatic Back-Up Safeties are standard on all Worth 4-post lifts. They are located in each post and automatically engage at any height for added protection.

Heavy I-Beam Runways are standard on all 4-post lifts, and on 12000 and 18000 models they are available in 14" or 22" wide.

**12000 - 12000E - 12000EWT - 18000E
18000EWT**

12000A - 12000AX - 18000A - 18000AX

Super Strong "Cantilever Style Open Front"
Jack rolls over crossrail support

" AMERICAN MADE "

25000 - 30000

26 Gallon Oil Drain Pan is optional on all 4-post lifts. It is ideal for performing all types of fluid services including transmission, oil, differential or cooling systems.

Rolling Air Jacking Beams are available in 5000, 8000, 15000, and 20000lb. capacities and are ideal for tire rotations, and brake work.

Additional Features:

- * “All Chain” design (No cables to adjust or replace).
- * BOTH runways are completely adjustable to accommodate narrow vehicles as well as wider trucks.
- * Lifts are powered strictly by electrical hydraulic power. (No air is needed to operate the lift).

Additional Options:

For 12000-18000:

- * “Space Saver” Model For Extra Narrow Bays
- * 50 HZ Motor
- * Drive-Thru Runways
- * 22” Wide Runways
- * Jack Rails
- * Rolling Bridge(for use with bottle jacks)
- * Alignment Model

For 25000-30000:

- * Custom Wheelbase up to 30’
- * 50 HZ Motor
- * Drive-Thru Runways
- * Custom Widths
- * Rolling Bridge(for use with bottle jacks)
- * Alignment Model

3HP Power Units are standard on all Worth 4-post lifts. They are available in Single or Three Phase power.

“ SINCE 1947 ”
